SUMMARY

Computer Information Systems graduate from the University of Jordan with practical experience in building full-stack web applications using Angular, ASP.NET Core Web API, ASP.NET Core MVC, Entity Framework Core, and SQL Server. Completed backend development training and developed academic and personal projects using modern frontend, backend, and database technologies. Seeking an entry-level .NET Full Stack Developer position to apply my skills and contribute to professional software development projects.

SKILLS

Frontend: Angular, TypeScript, JavaScript, React, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design.

Backend: C#, ASP.NET Core, ASP.NET Core Web API, ASP.NET Core MVC, REST APIs, Entity Framework Core, LINQ.

Architecture & Security: Clean Architecture, Dependency Injection, Repository Pattern, Service Layer, AutoMapper, Cookie Authentication, Policy-id; Based Authorization, Permission-Based Authorization.

Database: Microsoft SQL Server, T-SQL, SQL Queries, Database Design.

Tools: Git, GitHub, Visual Studio, VS Code, Postman, Swagger.

PROJECTS

Pharmacy Management System

Personal Project • github.com/zaidalwaael/PharmacyManagement.git

- Developed a full-stack pharmacy management system using ASP.NET Core Web API, MVC, Entity Framework Core, and SQL Server.
- Applied Clean Architecture, Dependency Injection, Repository Pattern, Service Layer, and AutoMapper.
- Implemented cookie authentication with policy-based and permission-based authorization.
- Built medicine, supplier, inventory, image upload, expiration alert, and dashboard features.

Nurse Now - Graduation Project

University of Jordan 2026 • github.com/zaidalwaael/NurseNow.git

- Collaborated in a 4-member team to develop a home nursing platform using ASP.NET Core Web API, Flutter, Entity Framework Core, and SQL Server.
- Developed features for nurse browsing, bookings, service requests, payments, and ratings.
- Contributed to a project that ranked 5th out of 21 teams in the “ابتكر لتبدأ 2026” competition.

EXPERIENCE

Web Development Intern

Al Raja International Company

February 2024 - November 2024, Amman, Jordan

- Completed practical training in ASP.NET MVC and ASP.NET Web API development.
- Worked with C#, Entity Framework, SQL Server, MVC architecture, and REST APIs.
- Gained experience in professional web development workflows and application structure.

.NET Backend Developer Intern

AdTech

April 2026 - June 2026, Amman, Jordan

- Developed backend features for an electric vehicle charging platform using ASP.NET Core Web API.
- Implemented OCPP 1.6 WebSocket handlers and remote start and stop charging endpoints.
- Tested and documented APIs using Swagger and Postman and collaborated using Git and GitHub.

EDUCATION

Bachelor's in Computer Information Systems

University of Jordan • Amman, Jordan • 2026 • 3 GPA
