SUMMARY

Computer Information Systems graduate from the University of Jordan with hands-on experience in HTML, CSS, JavaScript, C#, ASP.NET Core, and SQL Server. Built academic and practical web projects using backend, frontend, and database technologies. Seeking an entry-level .NET Full Stack Developer position to apply my skills and contribute to professional software development projects.

SKILLS

Frontend: HTML5, CSS3, JavaScript, React, Tailwind CSS, Bootstrap, Responsive Web Design.

Backend: C#, ASP.NET Core, ASP.NET Web API, ASP.NET MVC, REST APIs, OOP, Entity Framework Core.

Database: Microsoft SQL Server, T-SQL, SQL Queries, Database Design.

Tools: Git, GitHub, Visual Studio, VS Code.

Other: Problem Solving, Debugging, Clean Code Basics.

PROJECT

Nurse Now - Graduation Project

University of Jordan 2026

- Contributed to the development of a home nursing service platform that allows users to request nurses for home visits.
- Worked on backend services using ASP.NET Web API and supported frontend features using Flutter.
- Helped implement booking, request management, and user workflow features.
- Worked with SQL Server for database design and data management.

Blood Bank System

Personal Project

- Developed a blood bank management system to support hospitals in accessing blood units when needed.
- Built the system using ASP.NET MVC.

Frontend Templates Collection

Personal Project • zaidalwaael.github.io/portfolio/

- Developed multiple responsive web templates using HTML, CSS, JavaScript, Tailwind CSS, and Bootstrap.
- Built different interface styles including agency websites, landing pages, and dashboard layouts.
- Published and showcased projects through GitHub and GitHub Pages.

EDUCATION

Bachelor's in Computer Information Systems

University of Jordan • Amman, Jordan • 2026 • 3 GPA

EXPERIENCE

Web Development Intern

Al Raja International Company

February 2024 - November 2024, Amman, Jordan

- Completed practical training in web programming with a focus on ASP.NET MVC and ASP.NET Web API.
- Gained hands-on experience in web development workflows and real-world development environments.
- Improved practical understanding of backend development concepts, MVC architecture, API development, and application structure.

CERTIFICATIONS

ASP.NET (MVC and Core)

Al Raja International Training Company • 2024

- Gained foundational and practical skills in ASP.NET MVC and ASP.NET Core, which are essential for .NET full stack web development.

Frontend Web Development with HTML, CSS, and JavaScript

YouTube-Elzero • 2026

- Built foundational frontend development skills in HTML, CSS, and JavaScript, including responsive layouts, user interface styling, and interactive web application features.
-
